

OUTCOMES 2 - POSITIVE FACTORS

POSITIVE FACTORS	SCORE
Providing financial support for reserchers (including financing of joint R&I projects and infrastructures)	33
Choice of appropriate and tailored communication media and methods (web, publications and scientific papers, scientific events, awareness campaign, ...)	32
Participatory approaches in planning research strategies (involvement of target groups/actors in the whole research cycle)	23
Policy making and policies supporting research (including transparency and impartiality)	21
cooperation between research institutions (networking) and with private enterprises	20
Capacity building and results transfer (including workshops, on-field applications, training of technicians, ...)	18
professionalism in the spreading of research results (access to information, transferability, extension effectiveness, ability in implementing solutions)	16
<b>Context factors (social pressure, national priorities and problems, global crisis)</b>	<b>15</b>
Civil society/private initiatives	11
ownership	3
common R&I roadmaps	3
time	2
Cost competitiveness	1
monitoring process, iterative feedback and refinement, implementing results in objective (nature centric) manner	1
